Panama City, FL 32409-1658
Tel: (850) 265-3676

Revised October 23, 2009

Recommended Stocking Rates

100 Bass / Acre
500 Bream / Acre
100 Channel Catfish / Acre with other fish present
Or 1,000 / Acre by themselves with feeding

*****DO NOT OVERSTOCK*****

NOTE: There are various methods for shipping fish. Please check with each dealer regarding their methods of delivery.

Many out of state dealers produce and distribute fish which are prohibited or require a special permit in order to be introduced into waters of the State of Florida. Importation and/or stocking of restricted species is in violation of Florida law. You may face stiff fines and be held liable for the removal of all restricted fish you introduce. Check with your local Fish & Wildlife Conservation Commission if a dealer tries to sell you any species other than those listed on this leaflet.

TO FIGURE THE ACREAGE OF YOUR POND AND NUMBERS OF FISH TO PURCHASE FOR A BALANCED POPULATION, USE THE FOLLOWING FORMULA:

$$\frac{\text{LENGTH X WIDTH} = A}{43,560} = \text{TOTAL ACREAGE}$$

TOTAL ACREAGE X 500 = BREEM PER ACRE
TOTAL ACREAGE X 100 = BASS PER ACRE
TOTAL ACREAGE X 100 = CATFISH PER ACRE
