(Please Print or Type)

Applicant's Name _____ Date of Application _____

Affiliation _____

Mailing Address _____

Telephone Number _____

Voice line

Fax

Email address

Applicant's Signature _____ Occupation _____

Certification: I hereby state and confirm by signature that the information submitted in this application and supporting documents is complete and accurate to the best of my knowledge and belief. I understand that any false statement herein may subject me to criminal penalties. I further state that I will abide by all applicable State, Federal, and local laws. Finally, I hereby confirm by signature that representatives of the Florida Fish and Wildlife Conservation Commission (Commission) have my permission as the applicant and that of the landowner(s) to enter on and inspect the property(ies) described in the application for all reasonable purposes pertaining to applicable Commission rules.

Did you previously have a state permit for the proposed work? Yes/ No Permit number _____

Range of operation where avitrol is to be used (i.e. counties) _____

Is Avitrol to be used on species other than pigeons (i.e. grackles, crows)? Yes/ No
If so, please list species: _____

The application packet must contain:

- (1) Photocopy of the applicant's valid (look at date to ensure that it is valid through the desired fiscal period) Limited Certificate Holder. This is the small wallet card that is issued each fiscal year to indicate that the Pest Control Operator's (PCO) certification is still valid (i.e., all fees have been paid and operator continues to meet criteria to obtain a license).
(2) Identify which season you are applying for: July 1, 200__ - June 30, 200__

You may contact the Department of Agriculture and Consumer Services' web page at http://doacs.state.fl.us/onestop/aes/pestapp.html or by phone at (850) 487-0532 for additional information on purchasing and applying Avitrol.

The Florida Statutes require state agencies to approve or deny complete applications within 90-days of receipt. This office operates on a self-imposed policy to make every effort to approve or deny complete applications within 45 days of receipt. Therefore we ask you to submit a complete application and include all relevant information as attachments (i.e. scientific project proposals, site plans etc.). Complete permit applications should be submitted a minimum of 45 days prior to the requested effective date.
