

To secure your property and remove wildlife attractants:

- Clean meat smokers and grills, and properly dispose of fish parts, oyster shells and other food remnants.
- Store trash and recyclables in a bear-resistant container or a secure area until the morning of pickup.
- Feed pets inside, or pick food dishes up at night and store pet and livestock feed securely.
- Protect your garden, compost pile and livestock with electric fencing.
- Remove bird and wildlife feeders.

Please do your part to keep our wildlife and our community safe.
