INVASIVE PLANT MANAGEMENT SECTION

INVASIVE PLANT MANAGEMENT APPLICATION

This application contains the forms required to obtain a permit for the control of aquatic vegetation pursuant to the rules of Chapter 68F-20, Florida Administrative Code

GENERAL INSTRUCTIONS

1. The name, signature, address and telephone number of the riparian owner and the riparian owner's agent (if applicable) must be provided on the application.
2. Persons representing multiple riparian owners such as governmental agencies and officers of homeowner associations may apply without providing name, address, telephone and signature of all affected riparian owners.
3. The applicant must provide a map with clear directions to the proposed management site using county, state, and U.S. highway names and route numbers.
4. The applicant must complete all sections of this application.
5. In addition to this application, the applicant must provide a detailed diagram of the proposed management site which shall include, at a minimum, the following:
 - a. riparian owner's property boundaries.
 - b. approximate location of the water's edge.
 - c. all aquatic plant communities within the site identified by name or symbol, with clear depiction between those plants which are to be controlled and those not to be controlled.
 - d. all permanent features such as docks, fences, trees, etc., located near the water's edge.
 - e. dimensions of property, dimensions of vegetation proposed for control and vegetation not to be controlled.
 - f. legends that explain all symbols and patterns used.
6. Each applicant shall submit a complete application bearing original signatures (including maps and diagrams).
7. All documents must be of good quality, clearly legible and submitted on 8 1/2 X 11 inch paper.
8. A separate application is required for each waterbody.
9. Submission of false or inaccurate information may result in denial of the application or suspension or revocation of the permit.
10. Riparian owners may, upon request, be required to show proof of ownership.
11. Applications are to be submitted to the regional biologist's office as shown on page 6 of this form.
