

Authors, Contributors, and Team Members

Many people made this project possible. For the second edition, SIMM team members from the Florida Fish and Wildlife Conservation Commission, Fish and Wildlife Research Institute are Paul Carlson, Sheila Scolaro, Mike Poniatowski, Sarah Nappier, Corday Selden, Crystal York, Elizabeth Johnsey, and Laura Yarbro. Authors and contributors to each chapter patiently responded to repeated requests for data, information, figures, and editing during the revision of the report. The list of authors and contributors below is arranged in the order of the chapters, i.e., geographically from the Panhandle to the northern Indian River Lagoon on the east coast. Affiliations and contact information for authors and contributors are at the end of each chapter.
