

County-wide Alligator Harvest Unit Maps

These maps are offered as a courtesy to familiarize participants with the general location of each county-wide harvest unit. The harvest areas listed in each county-wide map are offered as suggestions and are not intended to limit additional accessible areas available for harvest. Some harvest units are more restrictive than others so please refer to your permit for full details of the harvest unit description, boundary, and harvest period.

To search for additional bodies of water that have been hunted under a county-wide permit in the past, please use the “Statewide Alligator Harvest Data Search” resource located on the MyFWC.com website here: <http://myfwc.com/wildlifehabitats/managed/alligator/harvest/data-search/>.
