

ZooTampa at Lowry Park

ZooTampa at Lowry Park (known as Tampa's Lowry Park Zoo until 2018) has been an active manatee acute care center since 1991. In 2015, the Florida legislature began approving funding for the zoo to renovate and improve its hospital and rehabilitation facilities. To date, a total of \$3 million has been appropriated for these renovations. In order to facilitate this major renovation, the zoo closed its manatee rehabilitation program for construction in October of 2017 and reopened in Spring 2019 when renovations were completed.
