

# Application to Award

## Selection Announcements

Date that USFWS announces awards (March-April).

3-years (max) to obligate from first day of Federal fiscal year of Award Date (October 1)- retroactive

### COMPLIANCE

Grantee provides documentation to FWC that the required permits have been acquired for the awarded project.

FWC completes the required compliance analysis:

- State Historic Preservation Office (SHPO) comments pursuant to Section 106 of the National Historic Preservation Act.
- US Fish & Wildlife Service comments pursuant to Section 7 of the Endangered Species Act.
- National Environmental Policy Act (NEPA) compliance checklist.
- Clearinghouse

### Obligation Date

Date USFWS obligates the grant with an award letter. Obligation contingent upon compliance actions and permitting.

Once obligated, construction can begin.

5-years (max) to complete project after Obligation Date.

### POST-OBLIGATION

Subrecipient Agreement drafted between FWC and the Subgrantee (Marina) detailing:

Construction begins and is completed within the Subrecipient Agreement timeframe, unless extension requested for and granted.

Subgrantee (marina) submits quarterly progress reports.

Subgrantee (marina) pays for construction and submits to FWC for reimbursement of completed deliverables.

### PROJECT COMPLETION/POST CONSTRUCTION

Upon construction completion, Subgrantee submits requests for reimbursement with corresponding back-up documentation.

FWC verifies/inspects construction infrastructure.

FWC verifies match requirement.

FWC reimburses Subgrantee.

DNR compliance monitoring for Useful Life of the project infrastructure.

### MONITORING

Constructed infrastructure must continue to:

- Be used for transient vessels only.
- Allow reasonable access for all recreational vessels.
- Allow public access to shore and basic features including fuel and restrooms where available.
- Comply with Americans with Disabilities Act requirements.
