

Florida Fish and Wildlife Conservation Commission

Legislative Affairs Office

2019 Session Report - Week 7

Overview

Week 7 of the 2019 Legislative Session has concluded, leaving two weeks to go!

The Florida Fish and Wildlife Conservation Commission's (FWC) legislative package in the House is found in HB 377 (Residential Conservation Programs), sponsored by Representative Stone; HB 1121 (Citizen Support Organizations), sponsored by Representative Altman; and in the Senate in SB 320 (Residential Conservation Programs), sponsored by Senator Hooper; SB 7022 (FWC Citizen Support Organizations), sponsored by the Senate Environment and Natural Resources Committee. HB 377 was referred to Agriculture & Natural Resources Subcommittee, Agriculture & Natural Resources Appropriations Subcommittee, and the State Affairs Committee. It was voted favorably to move forward in both the Agriculture & Natural Resources Subcommittee and the Agriculture & Natural Resources Appropriations Subcommittee. It passed through House State Affairs Committee on April 8th and was placed on the Special Order Calendar for April 17th. HB 377 was read a second time on April 17th and substituted for SB 320. SB 320 was read a third time and passed the full House unanimously. HB 1121 was referred to Agriculture & Natural Resources Subcommittee, Agriculture & Natural Resources Appropriations Subcommittee, and the State Affairs Committee. HB 1121 was heard on March 12th in House Agriculture & Natural Resources Subcommittee and voted favorably to move forward to the Agriculture & Natural Resources Appropriations Subcommittee. It was heard, March 26th, in Agriculture & Natural Resources Appropriations Subcommittee with a committee substitute that reported favorable. HB 1121 was heard in House State Affairs on April 8th with a committee substitute that reported favorable. HB 1121 has been placed on the Special Order Calendar for April 24th. SB 320 was referred to Environment and Natural Resources Committee, Appropriations Subcommittee on Agriculture, Environment and General Government, and Appropriations Committee. It was voted favorably to move forward in Environment and Natural Resources and was heard on March 13th in Appropriations Subcommittee on Agriculture, Environment and General Government. It was voted favorably to move forward to the Appropriations Committee. It is heard in Appropriations on March 27th and reported favorable. It was placed on the Special Order Calendar for April 3rd. It was read a second and third time on April 3rd and passed unanimously through the Senate. SB 320 was substituted for HB 377 and read a second time. It was then read a third time and passed the full House unanimously. SB 320 next goes to Governor DeSantis. **If the Governor receives a bill from the Legislature during Session, he has seven days on which to act. If he receives a bill after Session has concluded, he has 15 days on which to act. The Governor has three actions that he can take - sign the bill into law, allow the bill to become law without his signature, and veto the bill*.* SB 7022 was referred to Environment and Natural Resources Committee, Appropriations

Subcommittee on Agriculture, Environment and General Government, and Appropriations Committee. It was voted favorably to move forward in both Environment and Natural Resources Committee and Appropriations Subcommittee on Agriculture, Environment and General Government. It was heard in Appropriations on March 27th and reported favorable. It was read a second time on April 10th. SB 7022 was read a third time on April 17th and passed the Senate unanimously.

In addition to agency legislation, FWC works continuously with the Legislature on other bills that affect fish and wildlife. FWC staff regularly meet with bill sponsors, committees, and their staffs pertaining to such legislation. Following the FWC Legislative Package section, there is a section entitled Other Bills of Interest to FWC that lists the bills the agency is monitoring, describing each bill's impact primarily as it relates to fish and wildlife, and the actions that have occurred with each bill. As Session moves forward, more bills may be added to this list. *Regarding legislation under consideration by the Legislature, there are only a few committee meetings scheduled next week to hear bills. After those committee meetings conclude Monday and Tuesday, the House and Senate will be on the Floor in their respective chambers for the remainder of Session. Most bills that are still waiting for a committee hearing, Wednesday, look doubtful for passage this Session.*

This report will be updated on a weekly basis to indicate the current status of the bills and if there are any changes as they move through committees. At the end of each weekly report there will also be a special section pertaining specifically to bills that impact state employees - this section is written by FWC's Director of Human Resources, Emily Norton.

Staff is also working with the Legislature on the development of FWC's budget for the 2019-20 Fiscal Year. The accompanying budget report and worksheet is written by FWC's Chief Financial Officer, Charlotte Jerrett.

The weekly substantive and budget reports can be found on FWC's Legislative Affairs website.

The Legislative Process

Before a bill is considered passed it has to be "read" three times and approved with a majority vote by the full chamber: the First Reading is done when it is introduced to the respective chamber; the Second Reading is done after the bill has passed all committees of reference and is placed on the Special Order Calendar to be discussed and amended (if necessary) by the full chamber; and the Third Reading is when the bill is debated and voted upon by the full chamber. It also must be passed in both the Senate and House before it

can be sent to the Governor for his action. Because of the limited time during a Session, a bill (except as noted below) is filed in both chambers so that it can get through its three readings in both chambers concurrently; these bills are called “companions”. Either the House bill or the Senate bill will pass its respective chamber first, then it will be sent to the other chamber, who will substitute its companion version by the one just received. This (second) chamber will have to pass the substituted bill, in order for the bill to be sent to the Governor. *Note: Bills that only apply to a limited geographical area (typically a city or county) are referred to as “local” bills; local bills are generally non-controversial, are initiated in one chamber (typically the House), and do not have companions; local bills have few committee references, are scheduled before committees in groups, and are considered in each chamber in a separate “Local Bill Calendar”.*

FWC Legislative Package

SB 320 by Senator Hooper and HB 377 by Representative Stone These bills would give FWC explicit statutory authority to organize, operate, staff, and equip residential programs, including the ability to provide meals and meal services.

HB 1121 by Representative Altman and SB 7022 by Senate Environment and Natural Resources Committee These bills would repeal the October 1, 2019 sunset provision of FWC’s Citizen Support Organizations (CSOs): Wildlife Alert Reward Association (Association) and the Fish & Wildlife Foundation of Florida (Foundation). In addition, the bills would authorize courts to continue the existing practice of ordering violators of fish and wildlife rules or orders to pay penalty assessments directly to the Association; the bills would further authorize the Association to pay rewards from the assessments to persons who provide information leading to an arrest of a person for a violation of fish and wildlife rules or orders.
