Top Picture

The operator stated that he had refueled the vessel and taken it out of Sara Bay Marina on Thursday, May 30th to test it out since he had not used it in a while. It had some engine problems which lead him to anchor it near shore in Bradenton. The operator returned to the vessel on Tuesday, and he tried to restart the vessel. He opened the engine compartments to try to ventilate any gas fumes but did not turn on any fans or blowers. After attempting several times to start the engines, there was an explosion. He attempted to use his fire extinguisher to put out the flames but stated it only made the fire worse. He then jumped into the water and swam to shore. He stated by the time he reached shore, the fire department was already on-scene, the fire department's marine unit extinguished the flames with foam.

Bottom Picture

On April 28th, 2019 a rented vessel struck two boat lifts causing significant damaged to the lifts and the vessel. Investigation revealed the vessel was operating at a planing speed in a restricted speed zone. The vessel encountered the wake of another vessel and then impacted two boat lifts. The operator of the vessel fell to the deck and received minor lacerations on both knees. He was able to operate the vessel back to the rental location.

Definitions for Boating Accident Report Forms

ALCOHOL/DRUG RELATED – Refers to any accidents in which alcohol/drug use may have been a contributing factor, whether legally impaired or not.

AT ANCHOR – Held in place in the water by an anchor, includes “moored” to a buoy or anchored vessel and “dragging anchor.”

BOATING ACCIDENT - A collision, accident, or casualty involving a vessel, in or upon, or entering into or exiting from the water, includes capsizing, collision with another vessel or object, sinking, personal injury, death or disappearance of any person from onboard under circumstances which indicate the possibility of death or injury or property damage to any vessel or dock.

CABIN MOTORBOAT - Motorboats with a cabin which can be completely closed by means of doors or hatches. Large motorboats with cabins, even though referred to as yachts, are considered to be cabin motorboats.

CAPSIZING - Overturning of a vessel.

CARELESS OPERATION – Operation of a vessel in a manner that is not reasonable and prudent, having no regard for other waterborne traffic, posted speed and wake restrictions, and all other attendant circumstances so as not to endanger the life, limb, or property of any person.

COLLISION WITH ANOTHER VESSEL - Any striking together of two or more vessels, regardless of operation at time of the accident, is a collision. (Also includes colliding with the tow of another vessel, regardless of the nature of the tow, e.g., surfboard, ski ropes, skier, tow line, etc.)

COLLISION WITH FIXED OBJECT - The striking of any fixed object above or below the surface of the water.

COLLISION WITH A FLOATING OBJECT - Collision with any waterborne object (except another vessel), above or below the surface, that is free to move with the tide, current or wind.

CRUISING - Proceeding normally, unrestricted, with an absence of drastic rudder or engine changes.

DOCUMENTED VESSEL - A vessel of five or more net tons, owned by a citizen of the United States, for which a certificate of documentation is issued by the United States Coast Guard, pursuant to 46 C.F.R. part 67. Documented vessels are not required to display an assigned registration number.

DRIFTING - Underway, but not proceeding over the bottom with use of engines, oars or sails, being carried along only by the tide, current or wind.

FALLS OVERBOARD - A person who unintentionally exits the vessel.

FAULT OF OPERATOR - Speeding, overloading, improper loading, not properly seating occupants of boat, no proper look-out, carelessness, failure to heed weather warnings, operating recklessly in a congested area, not observing the rules of the road, unsafe fueling practices, lack of experience, ignorance of aids to navigation, lack of caution in an unfamiliar area of operation, improper installation or maintenance of hull, machinery or equipment, poor judgment, recklessness, overpowering the boat, panic,

BOATING ACCIDENT STATISTICAL REPORT

proceeding in an unseaworthy craft, operating a motorboat near persons in the water, starting the engine with clutch engaged or throttle advanced or irresponsible boat handling (such as quick, sharp turns).

FIBERGLASS (PLASTIC) HULL - Hulls of fiber-reinforced plastic. The laminate consists of two basic components: the reinforcing material (glass filaments) and the plastic or resin in which it is embedded.

FIRE/EXPLOSION (FUEL) - Accidental combustion of vessel fuel or liquids (including their vapors).

FIRE/EXPLOSION (OTHER) - Accidental burning or explosion of any material onboard, except, vessel fuels or their vapors.

FLORIDA INTRACOASTAL WATERWAY - The Atlantic Intracoastal Waterway from the Georgia state line north of Fernandina to Miami, the Port of Canaveral lock and canal to the Atlantic Intracoastal Waterway; the Atlantic Intracoastal Waterway, Miami to Key West; the Okeechobee Waterway, Stuart to Fort Myers; the St. Johns River, Jacksonville to Sanford; the Gulf Intracoastal Waterway, Anclote to Fort Myers; the Gulf Intracoastal Waterway, Carrabelle to Tampa Bay; Carrabelle to Anclote open bay section (using Gulf of Mexico); the Gulf Intracoastal Waterway, Carrabelle to the Alabama state line west of Pensacola; and the Apalachicola, Chattahoochee and Flint rivers in Florida.

FLOODING - Filling with water, regardless of method of ingress, but retaining sufficient buoyancy to remain on the surface.

FUELING - Any stage of the fueling operation, primarily concerned with introduction of explosive or combustible vapors or liquids onboard.

GROUNDING - Running aground of a vessel, striking or pounding on rocks, reefs or shoals, "stranding."

IMPROPER LOADING - Loading, including weight shifting of the vessel, causing instability, limited maneuverability or dangerously reduced freeboard.

INBOARD/OUTBOARD - Also referred to as inboard/outdrive. Regarded as inboard because the power unit is located inside the boat and has a stern-mounted propulsion unit.

INFLATABLE LIFE JACKET - A sleeveless jacket or vest with inflatable chambers designed to keep a person afloat in the water. May also be manufactured to resemble a belt or fanny pack when not inflated.

LIFE JACKET - A sleeveless jacket or vest that is filled with buoyant material designed to keep a person afloat in the water.

MANEUVERING - Changing of course, speed or similar boat handling action during which a high degree of alertness is required, or the boat is imperiled because of the operation, such as docking.

MOTORBOAT - Any vessel which is propelled or powered by machinery and which is used or capable of being used as a means of transportation on water and any vessel equipped with propulsion machinery and not more than sixty-five feet in length.

NAVIGATION RULES - The International Navigation Rules Act of 1977, 33 U.S.C., for vessels on waters outside of established navigation lines of demarcation as specified in 33 C.F.R. Part 80 or the Inland Navigation Rules Act of 1980, 33 U.S.C. ss 2001 for vessels on all waters not outside of such lines of demarcation.

NON-RESIDENT - A citizen of the United States who has not established residence in this state and has not continuously resided in this state for one year and in one county for the six months immediately preceding the initiation of a vessel titling or registration action.

BOATING ACCIDENT STATISTICAL REPORT

NO PROPER LOOK-OUT - No proper watch, the failure of the operator to perceive danger because no one was serving as look-out or the person so serving failed in that regard.

NUMBERED VESSEL - An undocumented vessel numbered by a state with a numbering system approved by the United States Coast Guard under Chapter 123, Title 46, U.S.C.

OPEN MOTORBOAT - Craft of open construction specifically built for operating with a motor, including boats canopied or fitted with temporary partial shelters.

OPERATE - To be in charge of or in command of or in actual physical control of a vessel upon the waters of this state, or to exercise control over or to have responsibility for a vessel's navigation or safety while the vessel is underway upon the waters of this state, or to control or steer a vessel being towed by another vessel upon the waters of this state.

OWNER - A person, other than a lien holder, having the property or title to a vessel. The term includes a person entitled to the use or possession of a vessel subject to an interest in another person, reserved or created by agreement and securing payment of performance of an obligation, but the term excludes a lessee under a lease not intended as security.

OUTBOARD - An engine not permanently affixed to the structure of the craft, regardless of the method or location used to mount the engine; e.g., motor wells, kicker pits, motor pockets, etc.

OVERLOADING - Excessive loading of the vessel causing instability, limited maneuverability, dangerously reduced freeboard, etc.

PERSONAL FLOATATION DEVICE (PFD) - A life jacket or similar buoyancy aid. See also LIFE JACKET.

PERSONAL WATERCRAFT - A vessel less than 16 feet in length which uses an inboard motor powering a water jet pump as its primary source of motive power and which is designed to be operated by a person sitting, standing or kneeling on the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

RECKLESS OPERATION - A person is guilty of reckless operation of a vessel who operates any vessel, or manipulates any water skis, aquaplane or similar device, in willful or wanton disregard for the safety of persons or property at a speed or in a manner as to endanger, or likely to endanger, life or limb, damage the property of or injure any person.

REGISTRATION - A state operating license on a vessel which is issued with an identifying number, an annual certificate of registration and a decal designating the year for which a registration fee was paid.

REPORTABLE BOATING ACCIDENT - An accident that results in personal injury requiring medical treatment beyond immediate first aid, death, disappearance of any person from onboard under circumstances which indicate the possibility of death or injury or damage to any vessel or other property in an apparent aggregate amount of at least \$2,000 or total loss of a vessel.

RESIDENT - A citizen of the United States who has established residency in this state and has continuously resided in this state for one year and in one county for the six months immediately preceding the initiation of a vessel titling or registration action.

RULES OF THE ROAD - The Inland and International Navigation Rules for the prevention of collision at sea.

SAILBOAT OR AUXILIARY SAILBOAT - Any vessel whose sole source of propulsion is the natural element (i.e., wind), or a craft intended to be propelled primarily by sail, regardless of size or type.

SINKING - Losing enough buoyancy to settle below the surface of the water.

SPEEDING - Operating at a speed, possibly below the posted speed limit, above that which a reasonable and prudent person would operate under the circumstances.

STEEL HULL - Hulls of sheet steel or steel alloy, not those of steel ribs and wood, canvas or plastic hull coverings.

STRUCK BY BOAT OR PROPELLER - Striking of a victim who is outside of the boat, but not necessarily a swimmer.

SWAMPING - Filling with water, particularly over the side, but retaining sufficient buoyancy to remain on the surface.

TOWED WATER SPORT MISHAP – A water sport accident associated with vessel passenger(s) or person(s) being towed or surfing the wake created by a vessel. Includes, but is not limited to, water skiing, wakeboarding, tubing, parasailing, etc.

TOWING - Engaged in towing any vessel, fishing gear or object other than a person.

VESSEL - Is synonymous with boat as referenced in S.1 (b), Article VII of the State Constitution, and includes every description of watercraft, barge and airboat, other than a seaplane on the water, used or capable of being used as means of transportation on water.

WOOD HULL - Hulls of plywood, molded plywood, wood planking or any other wood fiber in its natural consistency, including those of wooden construction that have been "sheathed" with fiberglass or sheet metal.

IMPORTANT

boating safety messages to remember

Always know what's going on around your boat.

Most boating accidents involve collisions.
Staying alert is critical!

Develop a "Life Jacket Habit."

Most people who die in boating accidents drown. Try out an inflatable life jacket and, most of all, wear it!

Alcohol use is a leading cause of boating deaths.

Alcohol and boating really don't mix, so save it for later. When you drink, you don't think!
