

Bunny Origami

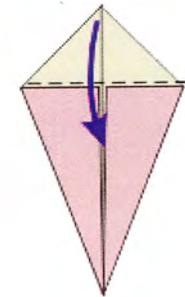

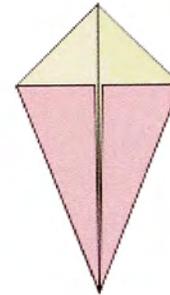

Fold paper in half touching corner to corner.

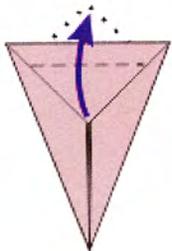

Open paper again and rotate 90 degrees.

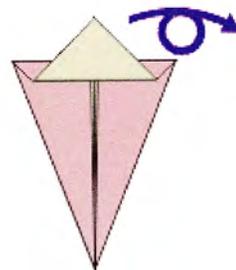

Fold sides in to centerline like a kite.

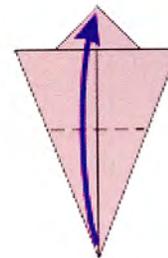

Fold top part of kite down.

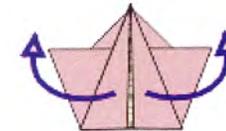

Fold the point back up, but leave a little space off of the previous fold.

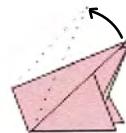

Turn over.

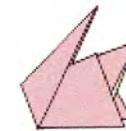

Fold the bottom point up to the top point.

Fold in half.

Pull the top point away and up, squeeze at the bottom to flatten.

This is the final bunny.
Optional:
Draw in the eyes.
Make a cut to separate the ears.
