

**STATE OF FLORIDA**  
**FLORIDA FISH AND WILDLIFE CONSERVATION COMMISSION**

**Order No. EO 13-23**

**Limitations on the Allowable Commercial Harvest  
of Atlantic Coast Menhaden**

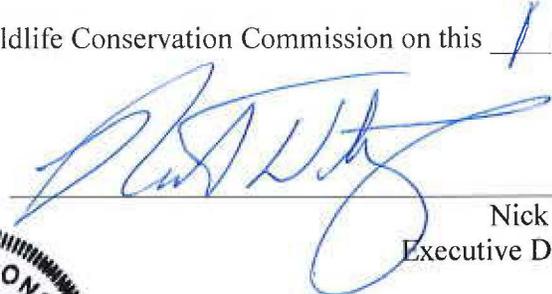

The Fish and Wildlife Conservation Commission of the State of Florida, acting under the authority of Article IV, Section 9, of the Florida Constitution, and acting through its Executive Director under Delegations of Authority Paragraph 17 and Paragraph 22, hereby establishes a 2,000-pound daily commercial harvest limit for menhaden on the Atlantic coast north and east of the Miami-Dade/Monroe County line. This action is taken in accordance with the Atlantic States Marine Fisheries Commission (ASMFC) Interstate Fishery Management Plan for Atlantic Menhaden (IFMP). ASMFC coordinates the interstate management of Atlantic menhaden in state waters from Maine through Florida. The IFMP includes annual state-by-state commercial quotas for menhaden and Florida's fishery is approaching its quota. The fishing season for the entire Atlantic coast runs from January 1 – December 31, each year, as established by the IFMP. This Executive Order amends and supersedes Executive Order number 13-22. The authorized commercial harvest of menhaden for the remainder of the 2013 fishing year is limited as follows:

1. Beginning August 1, 2013 and continuing through December 31, 2013, the commercial harvest limits for menhaden harvested from state and federal waters of the Atlantic north and east of the Miami-Dade/Monroe County line will be 2,000 pounds per person or per vessel, whichever is less, per day. No person may harvest more than 2,000 pounds of menhaden per day within or without state waters of the Atlantic north or east of the Miami-Dade/Monroe County line. No person may possess more than 2,000 pounds of menhaden in or on state or federal waters of the Atlantic north or east of the Miami-Dade/Monroe County line and no more than 2,000 pounds may be possessed aboard a vessel in or on those same waters. No person may sell more than 2,000 pounds of menhaden per day or purchase more than 2,000 pounds of menhaden per day from any individual or vessel north of the Miami-Dade/Monroe County line, except that any quantity of menhaden which has been previously landed and sold in compliance with all state regulations may be purchased and sold.
2. All other rules of the Commission relating to menhaden shall remain in effect.
3. This order shall take effect August 1, 2013 and shall expire January 1, 2014.

Specific Authority: Article IV, Section 9, Florida Constitution

Law Implemented: Article IV, Section 9, Florida Constitution and 120.81(5), Florida Statutes

Given under my hand and seal of the Florida Fish and Wildlife Conservation Commission on this 1 st day of August, 2013.

Nick Wiley  
Executive Director

Attest:   
Agency Clerk
