# TABLE OF CONTENTS

## I. Boating Accident Review

- Number of Accidents - 2015 Top Ten States
- Number of Recreational Registered Vessels, Top Ten States
- Florida Reportable Accidents (2012-2016)
- Total Florida Registered Vessels (2012-2016)

## II. 2016 Reportable Boating Accidents

- 2016 Vessel Registration and Accident Statistics by County
- Top Eleven Counties
- Investigating Agency
- Accidents by Month
- Time of Day
- Accident Site Location
- Restricted Area Accidents
- Primary Type of Accident
- Secondary Type of Accident
- Operation at Time of Accident
- Activity at Time of Accident
- Vessel Count in Reportable Accidents
- Vessel Type, Length & Propulsion
- Vessel Fuel & Hull Type
- Vessel & Property Damage Figures (2012-2016)
- Vessel Ownership
- Primary Cause Assessed by Reviewing Authority
- Boat Operator Age, Experience and Gender
- Operator/Occupant Swimming Ability and PFD Use
- Operator Education
- Operator by Age with No Boater Education (2012-2016)
- PFD Wear by Age
- State Waters vs. Offshore Waters Accidents
- Victim Statistics (Ejected)
III. 2016 Boating Fatalities

Top States 2015 ................................................................................................. 15
Florida Total Fatalities Recorded (2012-2016) ........................................... 15
Investigating Agency ....................................................................................... 15
Fatal Accidents by Month .............................................................................. 16
Time of Day ........................................................................................................ 16
Accident Types ................................................................................................. 16
Operation at Time of Accident ...................................................................... 17
Accident Site Location ..................................................................................... 17
Restricted Area Fatal Accidents .................................................................... 17
Vessel Ownership ............................................................................................ 18
Vessel Fuel & Hull Type .................................................................................. 18
Vessel Propulsion, Length & Type ................................................................. 18
Primary Cause of Death .................................................................................. 19
Operator Gender .............................................................................................. 19
Operator Age and Experience ....................................................................... 19
Operator Education ........................................................................................ 20
Operators by Age without Formal Boater Education .................................... 20
Victim Statistics (Ejected, Wearing PFD, Swimming Ability) ....................... 20
Victim Residency ............................................................................................ 21
Victim Gender and Age ................................................................................... 21
Alcohol/Drug Related Accidents and Victims ............................................. 21
Primary Cause Assessed by Reviewing Authority ....................................... 22
State Waters vs. Offshore Waters ................................................................. 22

IV. 2016 Boating Injuries

Total Injuries Recorded (2012-2016) .............................................................. 23
Types of Injury .................................................................................................. 23
Victim Statistics (Injured) ................................................................................ 24
Victim Swimming Ability and PFD Use ........................................................ 24

V. 2016 Personal Watercraft (PWC) Accidents

PWC Registration and Accidents by County ............................................... 25-26
Total PWC Registration .................................................................................. 27
PWC Ownership by Registration ................................................................... 27
Comparison of PWC to Vessels Involved in Accidents ............................. 27
PWC Accidents (2012-2016) ......................................................................... 27
Top Twelve Counties for PWC Accidents ..................................................... 27
Accident Site Location .................................................................................... 28
V. 2016 Personal Watercraft (PWC) Accidents (Continued)

Restricted Area Accidents.............................................................. 28
Operation at Time of Accident...................................................... 28
Primary Type of Accident............................................................. 29
PWC Operator Age, Ownership and Experience.......................... 29
PWC Operator Education.............................................................. 30
PWC Operators by Age without Boater Education (2012-2016)...... 30
PWC Fatalities (2012-2016)............................................................ 30
PWC Injuries (2012-2016).............................................................. 30
Primary Injury Types................................................................. 31
PWC Fatalities/Injuries vs. Total Fatalities/Injuries......................... 31
Primary Cause Assessed by Reviewing Authority........................ 32
Investigating Agency................................................................. 32

VI. 2016 Boating Education Statistics

Top Ten Counties ........................................................................ 33
Card Distribution by Age ............................................................. 33
Operators Involved in Accidents.................................................. 34
Operators Involved in Fatal Accidents......................................... 34

VII. 2016 Boating Violation Statistics

Uniform Boating Citation Summary.............................................. 35

VIII. 2016 Top Eleven Counties Review

Top Eleven Counties Map............................................................. 37
Monroe County........................................................................... 38-39
Miami-Dade County................................................................. 40-41
Palm Beach County................................................................. 42-43
Pinellas County......................................................................... 44-45
Lee County................................................................................ 46-47
Broward County....................................................................... 48-49
Collier County........................................................................... 50-51
Brevard County....................................................................... 52-53
Hillsborough County.............................................................. 54-55
Charlotte County..................................................................... 56-57
Duval County.......................................................................... 58-59
IX. Trend Analyses

Reportable Accidents 2007-2016................................. 61
Recreational Vessel Registration 2007-2016.................... 61
Fatalities 2007-2016.................................................. 62
Injuries 2007-2016.................................................... 62
Boating Safety Education ID Cards Issued 2007-2016 ....... 63
Fatalities by Quarter 2007-2016.................................... 63
Fatalities – Quarters 1 and 2............................................ 64
Fatalities - Quarters 3 and 4.......................................... 65
Vessel Types 2012 – 2016............................................. 66
Operator by Age 2007 – 2016 ........................................ 67

X. Glossary of Definitions for Boating Accident Report Forms....... 69-72

Photo detail: Matching a broken propeller blade to a vessel that had struck a coral reef and had not reported the accident. The blade was recovered from the coral reef and brought to the marina where the vessel was being repaired to confirm the vessel was the one involved in the boating accident and coral damage.
