FWC Contacts: Tallahassee Phone (850)488-5600 for all staff

Major Richard Moore, Boating Law Administrator, Section Leader Boating and Waterways
Captain Gary Klein, Waterway Management Unit Leader
Captain Thomas Shipp, Boating Safety Unit Leader
Emily Norton, Attorney for Boating and Waterways related issues
Precious Boatwright, Operations and Management Consultant, Boating Advisory Council Executive Assistant

Facilitator(s): David Arnold

Scope: The Boating Advisory Council requested this group be formed to meet and begin work based on the Oregon model and what we learn from other states, report back to BAC at next and subsequent meetings. The group would be a 10-14 person board with applications for the board going through the FWC. FWC through due diligence would find best way to find all subsets discussed leaning on FWC expertise and the individuals from here to find the right people for the committee. The committee will focus on access, safety, education, and user pay/user benefit.
