## **REVIEW DRAFT RECOMMENDATIONS**

David Arnold explained how the recommendations were drafted. Changes received on or before the deadline were incorporated. Comments received after the deadline were discussed for possible inclusion. David suggested guidelines for reviewing the draft.

### **Agreed Upon Guidelines:**

- Respect the history of how you got to this point
- Thinking as a group is important
- Find a way to be inclusive
- Ok to disagree
- Report needs to reflect the group's thinking

Discussion ensued on the recommendations draft report. The majority of the discussion focused on access and user-pay/user-benefit issues. During the discussion, edits were made directly to the draft report and incorporated based on verbal consensus. The group concluded their revisions on the draft report, but agreed that all members needed an opportunity for input. The updated draft will be sent to all members for a final review/comments before presentation to the Boating Advisory Council (BAC).

## **WRAP UP AND NEXT STEPS**

Becky Bragg and Bill Griswold, BAC members, will provide an update to the BAC at the next meeting occurring May 18, 2017. Staff will update the draft and send it for a final review to the NMBWG members. Once the group members have had an opportunity to review and comment, it will be presented to the BAC.

The meeting was adjourned.
