Florida's YHEC program is hosted by volunteer instructors throughout the state. Competitions are held at regional and state levels. Top-ranked individuals advance to the annual NRA International Youth Hunter Education Challenge—the pinnacle of the program.

Improve your hunting skills and learn more about hunting methods and game species with other young hunters. The Youth Hunter Education Challenge (YHEC) was developed exclusively for hunter education course graduates, 18 and under. The YHEC provides graduates with a unique opportunity to test their abilities at a variety of hunting techniques under simulated hunting conditions.
