RE: Support of the Baymeadows Fish Management Area at 9A/Baymeadows Regional Park

Dear Mr. Hilton:

This will confirm the City of Jacksonville's (COJ) support of the Florida Fish and Wildlife Conservation Commission's (FWC) establishment of Baymeadows Fish Management Area at 9A/Baymeadows Regional Park in Jacksonville. The existing Memorandum of Agreement between FWC and COJ (FWC Contract #09094) provides for FWC to manage the water body for fishing and establish associated facilities.

FWC has already made many improvements to this water body which are assets to the park. We look forward to further development of this pond as an official Fish Management Area and continued cooperation with FWC throughout Duval County.

If you have questions or need further information, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Kelley Boree". The signature is written in a cursive style.

Kelley Boree, CPRP
Interim Director
