Consent Agenda Item 3
September 5, 2012 – Update 1

The Commission approved a new boating restricted area at its February 2012 meeting. Staff is requesting approval to file a Notice of Change to the Notice of Proposed Rule that was filed on April 20, 2012. The Notice of Change is necessary to correct a scrivener's error on "Drawing A" of the Rule, which depicted the northern boundary of the Highbridge Road Boating Safety Zone approximately 100 feet shorter than described in the rule text. Staff are requesting Commission approval to file the attached draft Notice of Change and to file for final adoption as soon as possible.
