Paul,

Based on the data provided, the Hillsborough County Parks, Recreation and Conservation Department supports the regulation as outlined in the attached memo.

If you need anything else, please let me know. Thanks.

Andy,

From the looks of it, I don't see any reason not to support what the EO proposes.

I support the language and don't foresee any problems.

I will put this out to the officers in the area for further but I don't foresee any issues. If I find any, I will advise.

Thanks for the heads up, also do you know when the public meetings were held?

Subject: FW: Medard Reservoir Rule Change

Roger,

Can you look at this to see if there are any problems? The EO is basically what we are proposing for permanent rules once this area becomes a FMA, but have to wait for the next Commission Meeting for approval. These rules were the result of the most recent public meeting.

Thanks,

Captain Andy Krause
